Hi Kimberly,

Yes, we had a good discussion. I forwarded the info after the call with Rick last week to my staff as well as to Linda Abbott as her office is engaged in the PFAS issue.

I have cc'd Linda on this message so that she can respond as to her availability. I have time on Tuesday afternoon and on Wednesday. Thursday and Friday is USDA's Ag Outlook Forum, so both of us will not be available.

Have a terrific long weekend and I hope all on the message are well!

Hi Sheryl,

I understand that Rick Keigwin from our OCSPP IO discussed with you the recent PFAS in pesticide containers issue. Rick recommended that I reach out to you and Linda to schedule a meeting to discuss this further. See below for the January news release, along with some Qs n As.

Best,
Kimberly
